ONE PRAYER AWAY

Verse 1
Like the story of Paul on Damascus road
I, too, once carried sins heavy load
But like a shining light the Lord showed me the way
He pointed to Calvary; said it's one prayer away

Chorus
(1st chorus) If sins mountain is higher than you think you can climb
(2nd chorus) When the mountains are higher than you think you can climb
If the answers you're searching for, you're sure you'll never find
Well, I know the one with the solution today
The answer lies in Jesus; He's just one prayer away

Verse 2
Then I found myself kneeling at an altar of prayer
Crying, Lord, save me, this sin no longer I want to bear
What happened next I can't really describe
But it felt like my heart opened and Jesus stepped inside

Verse 3
The world will have an answer for those problems you face
They'll even try to tell you there's nothing to Amazing Grace
But I have found down through the years, every promise He made is true
His grace is all sufficient; it will carry me through
